

Gray Davis, Governor

STATE CLEARINGHOUSE

NEWSLETTER

July 1 through 15, 2001

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **July 1 through 15, 2001**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte and Karen Fowler (for projects in Northern California)
Scott Morgan and Brian Grattidge (for projects in Southern California)

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 1999 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

Plant shade trees near your house to keep it cooler in the summer and warmer in the winter.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following summaries of recent court cases relate to California Environmental Quality Act and/or Planning law. This new feature of our Newsletter will begin with a summary of cases going back to January 1, 2001; future Newsletters will include additional cases as they are decided.

CEQA Cases

Case Name (No.): San Bernardino Valley Audubon Society v. Metropolitan Water District (E027043)

Court, Filing Date: Cal. App., 4th, 06/08/2001

Source: 2001 Daily Journal D.A.R. 5839

Summary of Ruling: Trial court erred in failing to require preparation of full environmental impact reports required by state environmental law.

Case Name (No.): City of Vernon v. Public Utilities Commission of the State of California (Atchison, Topeka & Santa Fe Railway) (B131559)

Court, Filing Date: U.S. App., 2nd/1, 04/24/2001

Source: 2001 Daily Journal D.A.R. 4005

Summary of Ruling: Public Utilities Commission does not abuse discretion by dismissing complaint when city fails to demonstrate that project will cause significant environmental impact.

Case Name (No.): Mary Rose Kaczorowski v. Mendocino County Board of Supervisors et al. (A091318)

Court, Filing Date: U.S. App. 1st/4, 04/17/2001

Source: 88 Cal.App.4th 564

Summary of Ruling: Plaintiff sought mandamus and injunctive relief against a county board of supervisors, alleging the board violated CEQA by approving a project without requiring an environmental impact report. The county had a certified local coastal plan, and the California Coastal Commission had the jurisdiction to hear the appeal from the board's decision. Therefore, the plaintiff's failure to name the California Coastal Commission as a party constituted a failure to join an indispensable party and the writ petition was denied.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete Ruling: and case facts.

Case Name (No.): Jere A. Jobe v. City of Orange; Lutheran High School Association (G026974, G027732)

Court, Filing Date: U.S. App. 4th/3, 04/10/2001

Source: 105 Cal.Rptr.2d 782

Summary of Ruling: Even though the real party in interest successfully defended the action for a writ of mandamus, attorney fees may be denied to the real party in interest in CEQA litigation since the applicant is typically motivated by its personal stake in the outcome and thus is usually disqualified under the private attorney general doctrine.

Case Name (No.): Friends of Sierra Madre v. City of Sierra Madre (S085088)

Court, Filing Date: Ct. App., 2nd/7, 03/29/2001

Source: 2001 Daily Journal D.A.R. 3150

Summary of Ruling: Compliance with CEQA is required when a project is proposed and placed on ballot by public agency. Placing a resolution on a ballot is within the CEQA definition of a "project."

Case Name (No.): Eller Media Co. v. City of Los Angeles (B142004)

Court, Filing Date: U.S. App., 4d, 03/21/2001

Source: 2001 Daily Journal D.A.R. 2903

Summary of Ruling: Permit Streamlining Act's time limitations are not effective until environmental review process established by CEQA is complete.

Case Name (No.): Save The Sunset Strip Coalition et al. v. City of West Hollywood et al. (B143615)

Court, Filing Date: U.S. Appeal, 2nd, 03/20/2001

Source: 105 Cal.Rptr.2d 172

Summary of Ruling: An applicant proposed development in two of eight areas encompassed by the Sunset Specific Plan (Plan) in the City of West Hollywood. The Plan, for which a Master EIR was prepared, capped development at a lower level than allowed under the city's general plan. Plaintiffs contend the development did not fit within the assumptions of the Master EIR was rejected since it did not accurately enunciate the test required by CEQA. The test is whether the administrative record contains substantial evidence to support the city's determination that the project would not have an additional impact on the environment that was not already identified and mitigated in the Master EIR.

Case Name (No.): Sherwin-Williams Co. v. South Coast Air Quality Management District et al.
(B131122)

Court, Filing Date: U.S. App., 2nd/2, 2/30/2001

Source: 2001 Daily Journal D.A.R. 1164

Summary of Ruling: South Coast Air Quality Management District (SCAQMD) complied with law by compiling required studies to support their proposed restrictions on flat paint pollutants. Note: The SCAQMD's approval of amendments to the state implementation plan do not constitute "state regulations" nor do they constitute a project under CEQA.

Case Name (No.): Save Our Peninsula Committee et al. v. Monterey County Board of Supervisors
(H020900); Sierra Club et al. v. County of Monterey et al. (H020933)

Court, Filing Date: Cal. App., 6th, 02/15/2001

Source: 2001 Daily Journal D.A.R. 1771

Summary of Ruling: Board of Supervisors certification of environmental impact report not supported by evidence is abuse of discretion.

Planning Cases

Case Name (No.): James A. Merritt et al., v. City of Pleasanton (A089834)

Court, Filing Date: Cal App. 1st/1, 06/07/2001

Source: 2001 Daily Journal D.A.R. 5821

Summary of Ruling: Local referendum preventing pre-zoning of unincorporated land in city's sphere of influence was not inconsistent with city's general plan.

Case Name (No.): Home Builders Association of Northern California v. City of Napa (A090437)

Court, Filing Date: Cal App., 1st/5, 06/06/2001

Source: 2001 Daily Journal D.A.R. 5713

Summary of Ruling: Inclusionary housing ordinance applying to all development in City is not facially invalid and doesn't result in taking of residential developers' property.

Case Name (No.): Coalition Advocating Legal Housing Options v. City of Santa Monica (B135879)

Court, Filing Date: Cal. App., 2d/7, 03/13/2001

Source: 2001 Daily Journal D.A.R. 3589

Summary of Ruling: Order and Opinion—Zoning ordinance that prescribes who may occupy second-units in single family homes is unconstitutional.

Case Name (No.): Hermosa Beach Stop Oil Coalition et al. v. City of Hermosa Beach et al.
(B138557)

Court, Filing Date: U.S. App., 2nd/3, 01/24/2001

Source: 2001 Daily Journal D.A.R. 913

Summary of Ruling: The essential question presented is whether reinstatement of a total ban on oil drilling within the city, adopted through the initiative process, constitutes an unconstitutional impairment of a pre-existing lease agreement for oil and gas exploration and production on city owned property. The application of the initiative to the oil drilling project did not constitute an unconstitutional impairment of the lease agreement.

Federal Notices

Intergovernmental Review Notices (July 1st – 15th, 2001)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below

AGENCY: USDA Forest Service

CONTACT: GSNM Team

TELEPHONE: (559) 781-6650

E-MAIL: N/A

ADDRESS: Sequoia National Forest 900 West Grand Avenue, Porterville, CA 93257
Attention GSNM Team

DESCRIPTION: The planning process to develop a management plan for the Giant Sequoia National Monument has officially begun. The Notice of Intent to Prepare an Environmental Impact Statement, including the Proposed Action, was published in the Federal Register and mailed to the public on June 8, 2001. Upcoming public meetings shall be held in Sacramento, Fresno, Los Angeles, Bakersfield, and Porterville. The printed publication for this notice can be viewed on the world wide web at: http://www.r5.fs.fed.us/giant_sequoia

COMMENT BY: N/A

AGENCY: Federal Energy Regulatory Commission

CONTACT: N/A

TELEPHONE: N/A

E-MAIL: N/A

ADDRESS: 888 First Street, NE, Washington, DC 20426

DESCRIPTION: The Commission has issued an order for the issuing of a preliminary permit to Rugraw, Inc. to study the proposed seven-megawatt (MW) Lassen Lodge Project (No. 11894), to be located on the South Fork of Battle Creek, in Tehama County, California. Public notice of the application was issued on April 3, 2001. No motions to intervene were filed. The U.S. Department of the Interior and California Department of Fish and Game filed comments. All comments pertain to the actual construction and operation of the project and are not addressed in this preliminary permit proceeding.

<u>Documents Received on Monday, July 02, 2001</u>			
2001071016	Morro Bay Harbor Six-Year Maintenance Dredging Program U.S. Army Corps of Engineers --San Luis Obispo Dredging over the next six years of approximately 836,000 cubic meters per year of a combination of the Entrance, Transition, Main, Navy and Morro channels of Morro Bay Harbor.	EA	08/05/2001
2001071004	Interstate 5 at Carmenita Road Interchange Improvement Project Caltrans Norwalk, Santa Fe Springs--Los Angeles The California Department of Transportation is proposing a project to replace the existing interchange on Interstate 5 at Carmenita Road in the cities of Norwalk and Santa Fe Springs in Los Angeles County. The proposed project would include realigning the on and off-ramps and extension of the overcrossing to include a railroad grade separation 100 meters south of the freeway. The proposed project will require acquisition of new state right-of-way.	JD	07/31/2001
2001071014	Romarco/Honeyman TTM 16221/RZ 01-06/HM 01-02 San Juan Capistrano, City of San Juan Capistrano--Orange The project consists of a request for approval of a zone change, hillside management, and Tentative Tract Map (TTM) applications for an existing 78.60 acre site located along the east side of Rancho Viejo Road north of Ortega Highway. The proposed tentative tract map application would create one-hundred and twenty-nine (129) single-family detached home lots. Lots would vary between about 7,681 and 23,661 square feet with an average lot size of 10,951 square feet. Residential lots would occupy 32.43 acres of the tract. Eight-one (81) lots would have a minimum lot size of 7,200 square feet and the remaining forty-eight lots would have a minimum lot size of 10,000 square feet. Open space lots would comprise 39.76 acres with private streets comprising 4.62 acres, and public streets comprising 1.79 acres. The project proposes a gross density of 1.64 dwelling units per acre. The project also proposes to underground a portion of an existing, San Diego Gas and Electric (SDG&E), high-voltage, transmission line which bisects the tract.	NOP	08/01/2001
2001071015	The Headlands Development and Conservation Plan (HDCP) Dana Point, City of Dana Point--Orange The HDCP proposes development of 125 residential lots, a 65 room inn, and up to 40,000 sf of visitor/recreation commercial use, 62 acres of public open space, including 30.3 acres of natural resources conservation and associated infrastructure on 121.3 gross acres of land in the west central portion of the City of Dana Point. The Land Use Plan provides for the development and/or conservation of: 31.7 acres of Recreation Open Space that includes a trail system, public parks, and a public beach; 30.3 acres of Conservation Open Space that have public safety constraints, environmental resources, and/or scenic value; 4.9 acres of Visitor/Recreation Commercial land uses intended to attract local and regional visitors; and 52.1 acres of residential use providing a maximum of 125 residential	NOP	07/31/2001

<u>Documents Received on Monday, July 02, 2001</u>			
2001072006	Rackerby Subdivision Santa Rosa, City of Santa Rosa--Sonoma Rezone the 2-acre site from "A" to R-1-7.5 and subdivide into 3 single family lots and a remainder parcel.	Neg	07/31/2001
2001072008	10-CAL-26-PM 7.14/8.31, Widen and Realign Route 26 Near Silver Rapids Road in Calaveras County Caltrans --Calaveras Caltrans proposes to widen and realign State Route 26 in Calaveras County. The section of State Route 26 to be improved is between Vista Del Lago Drive and Heinemann Drive. The realignment improvements would consist of curve corrections, left turn channelization, and widening. The proposed project will allow this section of State Route 26 to meet current Caltrans safety standards.	Neg	07/31/2001
2001072009	Pleasants Valley Road Rehabilitation Project Solano County Vacaville--Solano The proposed project would widen each of the existing traffic lanes from 3.2 m (10.5 ft) to approximately 3.6 m (11.8 ft) and construct 1.2 m (3.9 ft) paved shoulders and 1.2 m (3.9 ft) earthen shoulders. The proposed project would repair and overlay the pavement surface of Pleasants Valley Road. The existing culvert crossing at Laguna Creek would be removed and replaced with a two-lane concrete bridge structure. The existing culvert would be replaced in staged construction, thus no detour will be required and traffic flow will not be impeded.	Neg	07/31/2001
2001072010	Aquatic Center University of California Davis--Yolo The University of California, Davis (UC Davis) proposes to construct and operate an aquatic sports and recreation facility and a parking area on the central campus, west of La Rue Road and east of East Health Sciences Drive. The proposed project site is located east of Parking Lots 54 and 54a, northwest of the Health Sciences District (including the Schools of Medicine and Veterinary Medicine), and north and south of undeveloped fields. The site is primarily undeveloped, except for a bike path that currently crosses the site and provides access between the Health Sciences District and the core campus. The project would realign the bike path to maintain efficient access.	Neg	07/31/2001
1997112051	Folsom East Interceptor Section 3 Sacramento County Folsom--Sacramento The Folsom East Section 3 Extension is a 3.2 mile-lone interceptor extension that would begin at a connection with the Folsom East No. 2 alignment at the Folsom Boulevard/Iron Point Road intersection, continue eastward within the Iron Point Road right of way to a point east of the stormwater detention/retention basins west of Oak Avenue Parkway, where it will join existing sewerage facilities. The pipe will vary in diameter from 36 to 48 inches to adequately serve planned capacity needs in the Folsom East 3 service area. There are two sub-alternatives with the project. Sub-alternative A would follow Iron Point Road and include a pumping station to direct flows uphill. Sub-alternative B would follow Iron Point Road and	NOD

2001078048	Transfer of Coverage to El Dorado County APN 34-254-09 (Gips) Tahoe Conservancy --El Dorado Project consists of the sale and transfer of 89 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The Transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2001078049	Upgrade Existing Infirmary at the Northern California Youth Correctional Center, Stockton Project Youth Authority, Department of Stockton--San Joaquin The proposed project consists of improvements to upgrade the existing infirmary at the Northern California Youth Correctional Center. The improvements include modifications to the existing facility. The existing facility is a single story building. A majority of the modifications are CTC Licensing related and will occur in the patient unit areas of the existing building (approximately 11,600 sf). In addition, the project includes consolidation of pharmacy storage (approximately 320 sf), renovation of staff lockers and lounge to make them accessible to the handicapped (approximately 450 sf) and an external exercise area (approximately 1500 sf). The project is needed because the existing infirmary does not conform to Department of Health Services regulations necessary for licensing. In general, the upgrades to the existing infirmary will address cleanable surfaces, fire protection, cooled air conditioning, emergency power, food serving areas and handicapped access. The project would accommodate the existing population and would not constitute an expansion of existing use.	NOE	
2001078050	Crestridge Habitat Management Area Fish & Game Commission San Diego--San Diego To acquire approximately 261 acres of land in fee title for the protection of habitat as a condition of mitigation.	NOE

2001071017	Amendment to the Redevelopment Plans for the Downtown and Midway Redevelopment Projects Banning, City of Banning--Riverside The Agency intends to amend the Redevelopment Plans prepared for the Downtown Redevelopment Project at the Midway Redevelopment Project (the "Project Areas") to merge the Project Areas ("Merged Project Area") and to add new territory ("Added Territory") to the Merged Project Area to provide for a variety of redevelopment activities designed to eliminate documented blight conditions. Agency redevelopment activities will include, but are not limited to, structures, public walks and buildings, infrastructure improvements, such as drainage, circulation improvements, water distribution system and wastewater collection system improvements, and redevelopment assistance programs such as low-interest loans. The possible actions are not proposed projects at this time, but are possible activities that may be undertaken in conjunction with the Amendment.	NOP	08/01/2001

2001071018	Case #PLN2001-00167 and V11384 Pasadena, City of Pasadena--Los Angeles The proposed project includes the demolition of an existing 1,783 square foot single story house with an attached 1,060 square foot flower shop, the demolition of a three-car carport, and the construction of a new one-story, retail building, consisting of approximately 5,200 square feet. The existing single family residence was constructed in 1903 with the florist shop and neon sign added in the 1930's. The proposed building will be located adjacent to the Lake Avenue frontage with 13 at grade on site parking spaces located just east of the retail building with access from Shoppers Lane.	NOP	08/01/2001
2001072016	Lone Tree Center Brentwood, City of Brentwood--Contra Costa Phase 1 consists of an approximately 96,500 square foot (sf) secondary retail building adjacent to the grocery store, a 33,000 sf secondary retail building adjacent to the grocery store, and the development of four other stand alone smaller retail buildings in the front and sides of the parcel. The square footage of the four other buildings range from 5,000 sf to 11,300 sf. The site area for Phase 1 is approximately 18 acres and the total building area is about 158,000 sf. Phase 2 would consist of constructing two additional buildings fronting Lone Tree Way (7,500 sf and 14,000 sf, respectively). Phase 2 site area is nearly 1.5 acres and total building area is approximately 21,500 sf.	NOP	08/01/2001
1993061008	Tentative Tract No. 51548: Oakmont View Phase V Glendale, City of Glendale, Verdugo City--Los Angeles Grading on 177 acres to create 572 housing units on 238 acres of land.	Neg	08/01/2001
2001072011	Walsh Timber Corporation Upland Rock Quarry APN 311-081-05 (Salmon Creek Area); Case Nos.: CUP-00-39/SMP-00-06/RP-00-06 Humboldt County Planning Department Eureka--Humboldt A new 15-year permit term for a previously approved rock quarry surface mining operation which has been permitted and operating for the past ten years. The project includes a Conditional Use Permit, Surface Mining Permit, Reclamation Plan, and review of financial assurance cost estimates for a surface mining operation involving an open pit upland rock quarry with a proposed total extraction of 90,000 cubic yards over a 15-year period from an open pit mine. The method of surface rock removal will involve the use of explosives and an air track drill spaced on an 8'-10' grid pattern back from the rock face. Other equipment to be used includes a "cat 966 loader", a "cat D-7 crawler", and a grizzly dry screen sorter. Rock products will be hauled by end-dump trucks. Truck trips are estimated at an average daily traffic increase of five. Aggregate production will be conducted by a three man crew on a demand basis and portable toilet facilities will be provided for on site employees.	Neg	08/01/2001

	or management unit is insignificant or unimportant as a potential hazard to human health and safety, and the environment. This variance is valid only with a current California Hazardous Waste Transporter Registration.		
2001078069	<p>Safety-Kleen, Incorporated Variance Renewal Toxic Substances Control, Department of Sacramento--Sacramento</p> <p>Safety-Kleen, Incorporated (SK) has received a variance from a hazardous waste manifesting requirement under Section 66263.42 of Title 22, California Code of Regulations (22 CCR). When certain conditions are met, this section specifies that eligible waste streams may be transported pursuant to a modified manifest procedure. One of the waste streams specified in this section is automotive parts cleaning solvent. This variance allows SK to transport parts cleaning solvent in addition to automotive parts cleaning solvent. SK must comply with all other requirements of Section 66263.42. The hazardous waste is solely a non-RCRA hazardous waste and the hazardous waste or its management is exempt from, or is not otherwise regulated pursuant to, the Resource Conservation and Recovery Act of 1976, as amended, and the hazardous waste, the amount of hazardous waste, or the hazardous waste management activity or management unit is insignificant or unimportant as a potential hazard to human health and safety, and the environment. This variance is valid only with a current California Hazardous Waste Transporter Registration.</p>	NOE	
2001078070	<p>Navy Public Works Center, Naval Air Station North Island (NASNI), Coronado, Class 1 Permit Modification to the Hazardous Waste Facility Permit (97-SC-002) Toxic Substances Control, Department of Coronado--San Diego</p> <p>The purpose of this Class 1 permit modification by the U.S. Navy is to incorporate facility upgrades in the permit and to update and clarify existing permit information presented in the Part B Permit Application. This permit modification was requested by the Navy Public Works Center in a letter to DTSC dated August 10, 1998. DTSC determined that the modification does not change treatment activities or any significant aspect of the permit. DTSC was notified of the completion of the public notice requirements on November 24, 1998. The following summarizes the changes to the permit application: 1) administrative and informational changes; 2) equipment replacement/upgrade with functionally equivalent components to improve waste minimization requirements; and 3) a decrease of the facility's tank storage capacity by replacing existing tanks with smaller tanks. As result of these changes NASNI updated text, maps, drawings, and tables, as necessary, in both the permit and the Part B Application. The revised permit application also updates the closure status of the old Oily Waste Treatment Plant and the PCB Storage Unit. These closure plans were approved as part of the permit.</p>	NOE

1995052010	<p>White Seabass Fishery Management Plan Fish & Game HQ --San Luis Obispo, Santa Barbara, Ventura, Los Angeles, ...</p> <p>The Fish and Game Commission is required by the Marine Life Management Act (MLMA) to bring the previously adopted White Seabass Fish Management Plan into compliance with the MLMA and to adopt regulations to implement the White Seabass Fishery Management Plan. The project objectives are to provide adequate resource protection to ensure the continued existence of the white seabass (<i>Atractoscion nobilis</i>) resource in California's waters while providing for commercial harvest consistent with aesthetic, scientific, educational, and recreational uses, taking into consideration the necessity of regulating the harvest within the limits of an optimum yield. The enclosed Draft White Seabass Fishery Management Plan was prepared by the Department of Fish and Game (Department) in compliance with the California Environmental Quality Act (CEQA).</p>	EIR	08/24/2001
2000112039	<p>Dublin Transit Center Dublin, City of Dublin--Alameda</p> <p>The project would include the development of a modern "transit village" on the site to take advantage of the BART station, a planned regional trail immediately west of the site and several nearby public transit routes. A maximum of 2 million square feet (sf) of office is proposed, many of which would be in high rise buildings, as well as 1,500 multi-family dwellings (up to 70 du/ac) and 70,000 sf of local serving retail uses. Parking would generally be structured parking. Uses would be sited near road rights-of-way to increase pedestrian usage. Requested land use entitlements include an Amendment to the Eastern Dublin General Plan/Specific Plan to include this site into the Eastern Dublin Specific Plan, a Stage 1 Planned Development Rezoning and Subdivisions of existing properties for purpose of sale.</p>	EIR	08/20/2001
2001011098	<p>Caltrans District 7 Headquarters Building Replacement Project Caltrans #7 --Los Angeles</p> <p>The California Department of Transportation (Caltrans) is seeking to consolidate and centralize its Los Angeles based personnel in a new headquarters facility. The existing Caltrans District 7 headquarters building at 120 South Spring Street in downtown Los Angeles was originally designed in 1939 and constructed in 1949 (an adjoining annex was built in 1960) and is physically and functionally obsolete. Currently, approximately 1,400 employees are accommodated in 340,000 square feet (sf) of space in the existing building. Another 250 employees are located in leased space at various locations in downtown Los Angeles. The proposed project consists of the development of a new 603,500 sf District 7 headquarters building on the state-owned, employee parking lot bordered on the south by Second Street and the east and west by Los Angeles and Main Streets, respectively. Alternatives are under consideration that would use the full block bounded by First, Second, Los Angeles, and Main Streets. An alternative that would provide an additional 112,700 sf to accommodate City agency offices or a total of 716,200 sf is also under consideration. Use of the full block would displace existing commercial uses located on the north end of the block. Acquisition of privately owned commercial parcels on the south side of First Street between Spring and Main Streets is also under consideration. The privately owned parcels</p>	EIR	08/20/2001

	Department of Health Services for tertiary recycled water, which permits the treated water to be used for unrestricted irrigation and discharge to the North Slough.		
2001072022	Noyes Mansion Inn Napa, City of Napa--Napa Proposal to establish a 20-room inn at the historic Noyes Mansion and Carriage House located at 1750 First Street, City of Napa. Plans include restoration of the buildings and construction of two small cottages. Site improvements include the creation of formal landscaping and improvements to the existing 23-space parking lot.	Neg	08/06/2001
1988101123	Franich Residential Subsequent Environmental Impact Report Watsonville, City of Watsonville--Santa Cruz Planned Development, Special Use Permit, with design review and Tentative Subdivision Map to create a 390-unit residential project consisting of 177 small lot single family homes, 80 townhomes, 133 apartments and a 14.5 acre park on 64 acres of land.	NOD	
1991013016	Evergreen Specific Plan/Quimby Road High School San Jose, City of San Jose--SANTA CLARA The California Department of Fish and Game (CDFG) is executing a Lake and Streambed Alteration Agreement (#R3-2000-1181) pursuant to Section 1603 of the Fish and Game Code to the project applicant, Dennis Powell. The applicant proposes to construct a roadway embankment at the western terminus of an unnamed intermittent creek, approximately 25 feet of unvegetated creekbed shall be filled. The project is located near Chaboya Road in San Jose.	NOD	
1996013003	Dougherty Valley General Plan Amendment (Windemere) Contra Costa County The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement (#2000-0775) pursuant to Section 1603 of the Fish and Game Code to the project applicant, Steve Savage, Shapel Industries of Northern California. The applicant proposes to develop 968 acres, of the 2,021 acre Gale Ranch project site, into a mixed residential (4,614 units) and commercial area. Approximately 1,000 acres will be preserved as open space. The total project will impact the Main Branch of Alamo Creek, the West Branch of Alamo Creek and several unnamed tributaries to both branches totaling 23,360 linear feet, plus two ponds (a total of 4 acres of impact). The site is located east of Crow Canyon Road in San Ramon, Contra Costa County. Due to the size of the project and the build out time, this agreement will only cover phase 2. Impacts during phase 2 include the total of approximately 19,968 linear feet of creek impacts plus two ponds.	NOD	
1997012055	San Joaquin Multi-Species Habitat Conservation and Open Space San Joaquin County Council of Governments --San Joaquin The San Joaquin County Multi-Species Habitat Conservation and Open Space Plan is a countywide habitat conservation plan. The plan will mitigate impacts of development, operations and maintenance, including mitigation for the take of	NOD

1997121111	General Plan/Local Coastal Plan Update & Draft Environmental Impact Report Carpinteria, City of Carpinteria--Santa Barbara The comprehensive update of the City's Land Use and planning Policies.	NOD	
1998042017	Rural North Vacaville Water District Water System Rural North Vacaville Water District The California Department of Fish and Game is executing Lake or Streambed Alteration Agreement number R2-2001-41 pursuant to section 1601 of the Fish and Game Code to the project applicant. This agreement pertains to the underground installation of approximately 40 miles of water distribution pipeline, construction of two wells and two storage tank sites for the English Hills area. Activities authorized include trenching, laying pipe, and backfilling across and along 106 seasonal streams and 7 perennial streams.	NOD	
1999111002	Conditional Use Permit 99074, Tract 52882 (Carson Mesa East) Los Angeles County Department of Regional Planning Acton--Los Angeles California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement (SAA #R5-2001-0134) pursuant to section 1603 of the Fish and Game Code to the project applicant, Nova Development Company, 14800 Rinaldi Street, Mission Hills, CA 91345. The applicant proposes to create 81 single-family lots, 1 water tank and 1 open space lot on 198.7 acres. A Conditional Use Permit will ensure compliance with hillside management design review criteria. The existing Arizona crossing (40 feet wide) will be replaced by a culvert crossing (64 feet wide) with concrete wing walls, face walls and grouted rip-rap pads at the discharge site. Three reinforced concrete or corrugated metal pipe culvert crossings will be installed for a total impact of 0.08 acres of streambed.	NOD	
2000091048	2000 Amendment to the Redevelopment Plan for the City Industrial Development Project Irwindale, City of Irwindale--Los Angeles The 2000 Amendment to the Redevelopment Plan for the City Industrial Development Project area includes the incorporation of administrative revisions only to the adopted Redevelopment Plan. These administrative revisions are limited to: (1) the inclusion of eminent domain in the Plan which currently does not provide for such action and (2) recognition of the City's General Plan Land Use Element, in accordance with California Redevelopment Law, to determine future land uses permitted within the City Industrial Development Project Area which encompasses 6,169.7 acres in the City of Irwindale. As prescribed in the Amendment, eminent domain will not be used to acquire residential uses that are improved with structures that conform to the City's General Plan and applicable zoning codes. 	facility upstream of Darling Road. Permanent loss of drainage is 0.50 acre.		
2001078071	Wind Turbine Company EMD Turbines Energy Commission --Los Angeles The overall goal is to develop a commercially viable wind turbine capable of competing in the existing de-regulated electrical power industry without subsidies or premiums to compete in the electricity marketplace. The aim is to reduce the cost of electricity (COE) with a more reliable, lighter-weight and cost-effective turbine using an advanced two-bladed, downwind design incorporating new structures, component technology and power electronics. This contract will extend the proof of concept work conducted under the PIER RD&D contract (500-97-032) to a California site and demonstrate the turbine in a commercial setting.	NOE	
2001078072	Effects of Chlorine Dioxide Preoxidation on Ozone Demand and Energy Consumption Energy Commission Concord-- The purpose of this contract is to evaluate the effects of chlorine dioxide preoxidation on ozone demand, and thus energy consumption, at a water treatment plant in the Contra Costa Water District. This project meets the Public Interest Energy Research (PIER) goal of improving the energy cost/value of California's electricity by reducing energy consumption in water treatment facilities.	NOE	
2001078073	Microturbine Generators Energy Commission Irvine--Orange This agreement will co-fund three projects designed to advance technology and foster deployment of microturbine generators (MTGs) as sources of environmentally-preferred, distributed generation to improve the cost and reliability of California's electricity. The projects will help to develop MTGs that can meet strict emissions requirements and operate on various renewable fuel gases. The specific objectives of the projects are to (1) design and fabricate a "low BTU" gas module, and integrate it into a test gas production and handling system for simulating various renewable fuel feedstocks for the testing of MTGs; (2) develop and demonstrate a natural gas-fired combustor for an MTG with low NOx and CO emissions and other EPAG technologies; and (3) develop and demonstrate MTG combustion systems that can operate on medium-and low-BTU gas and liquid fuels, rather than natural gas. The benefits of these projects are to improve the cost and reliability of California's electricity by increasing the deployment of environmentally-preferred, distributed generation that can meet strict emissions requirements and operate on various renewable fuel gases.	NOE	
2001078074	California Wind Energy Consortium Energy Commission Davis--Yolo The purpose of this contract is to establish and administer a California Wind Energy Consortium to provide a forum for a coordinated approach for developing wind energy systems beneficial to California. The Consortium will provide specific products and the wind energy expertise to the Energy Commission to help supplement and support wind energy development programs of the Commission.	NOE

1999081146	Winona Avenue Area Elementary School San Diego Unified School District San Diego--San Diego The proposed Winona Avenue Area Elementary School would accommodate a planned enrollment of approximately 700-900 students, kindergarten through grade five. The school would principally serve a portion of the students residing in the Colina del Sol and adjacent neighborhood areas in the community of City Heights as well as relieve overcrowding at the existing Euclid Elementary School. Approximately seventy (70) off street parking spaces would be provided at the site.	EIR	08/20/2001
2000062044	Sunset Ridge Master Plan, Precise Development Plan and Vesting Tentative Map Novato, City of Novato--Marin A Master Plan, Precise Development Plan, Vesting Tentative Map, Design Review for site design, architecture and landscaping for development of 16 two-story, single family homes on the eastern side of a 34-acre hillside parcel, adjacent to existing single-family residential neighborhoods. Access to the project would be from the end of Shevelin Road.	EIR	08/20/2001
2000112063	Draft Program Environmental Impact Report for the City of Roseville Bicycle Master Plan Update Roseville, City of Roseville--Placer The project is necessary to update the Bicycle Master Plan to include bicycle facilities in new specific plan areas, reflect current conditions of the bikeway system throughout the City, and position the City to meet State and Federal funding criteria.	EIR	08/20/2001
2000121062	Buena Park Central Project Buena Park, City of Buena Park--Orange The project site is located in western Orange County in the City of Buena Park. Specifically, the project site is located within the confines of the Buena Park Mall (BPM or mall) property. The BPM property is defined as the area located south of La Palma Avenue, east of Stanton Avenue, and west of Dale Street. The portion of the BPM property primarily affected by the project is an approximately 8 (eight) acre area, located within the southerly portion of the mall site. Unless otherwise noted, building areas discussed throughout this IS are expressed in terms of gross leaseable floor area (GLA). Within the affected project areas, the existing JC Penney's store and miscellaneous small retail uses will be demolished, and the proposed project uses will be constructed. A small (approximately 5,600 square feet) expansion is also proposed along the northerly mall frontage, in the area just west of the existing Old Navy store. Additionally, existing pad entitlements along the mall's northerly, La Palma Avenue frontage will be expanded by approximately 3,000 square feet. Location of the project within the mall store site is presented in Figure 2.1-2, Project Location.	EIR	08/20/2001

The Campus is proposed to consist of a Community Center, Life Development Center with a Pre-school, Worship and Resource Center, Chapel and Facilities Service Building. The development is proposed for construction in four phases. The site would include 1,255 parking spaces, including 20 handicap spaces, and a landscaped plaza. The Church Campus will include a portion of the Phase 1 chapel building and the Main Workshop building (Phase 3) that will exceed the 35 foot height limit in the R-1 zone. The planned height on the structures of 45 feet will exceed the maximum height limit by 10 feet. The project is also proposing a grading variance to allow slopes in excess of 20 feet.	Neg	08/06/2001
2001071032	GPA 00-68/R 00-106/SP 00-37/TSM 423 San Marcos, City of San Marcos--San Diego The proposed project includes a General Plan Amendment and Rezone to allow a Specific Plan for the subdivision of 39.7 acres into 102 single-family detached lots and three open space lots for a total of approximately 10 acres of open space. Because the project site is contiguous to the Santa Fe Hills Specific Plan Area, this project is proposing to expand the boundaries of the Santa Fe Hills Specific Plan but will establish specific standards for this project through the approval of a Specific Plan document. The General Plan Amendment is proposing a reconfiguration of the Open Space, however, the project density will conform with the existing density range of 4-6 dwelling units per acre (3.4-5.1 du/ac with the 85% density cap). The project is also proposing a rezone from R-1 to A-1 to Specific Plan Area.	Neg	08/06/2001
2001071033	Bridgeport Park Lights Santa Clarita, City of Santa Clarita--Los Angeles Master Case 01-164 proposes the following: install six light standards that exceed 35' in height. Four of the light standards will be 70' in height with the remaining two standing roughly 60' tall. Bridgeport Park is currently under construction. All necessary equipment to support the light standards will be housed within an equipment room being built with the park. No grading is proposed for the installation of light standards. 2000091049	Biola University Master Plan La Mirada, City of La Mirada--Los Angeles Implementation of the Biola University Maser Plan requires the approval of a Master Site Plan and Planned Unit Development (PUD). The Master Site Plan and PUD will allow Biola University, the project applicant, to increase the amount of development permitted on campus from 1,300,000 square feet approved in 1988 to 1,839,444 square feet. The increase will be phased over approximately 20 years and is intended to accommodate a full time equivalent (FTE) enrollment of 4,600 students at the University. The Master Site Plan and PUD reflect the conceptual locations and sizes of the facilities, including new building footprints.	NOD	
2001041122	Brian Holthouse Minor Subdivision-MS 1110-99 San Benito County San Juan Bautista--San Benito This is a minor land division dividing an existing 15.58 acre lot into one 5 acre and one 10.58 acre lot. Access from San Juan Canyon Road is via an existing private road that borders the property on the southeast. A new, separate driveway will be constructed from the private road to the proposed building site on Parcel 2. Water for domestic use on Parcel 2 will be brought from an existing off-site well located near San Juan Canyon Road, subject to approval of a water permit. Wastewater disposal for Parcel 2 will be accomplished by the construction of a new, individual on-site septic system. Stormwater runoff generated by the new residence on Parcel 2 will be detained on-site. Wooded areas will be designated "non-buildable" and a building envelope for Parcel 2 will be set aside in an area of relatively gentle slopes near the southeastern corner of the property. Slopes over 30% will be designated non-developable. Due to the very high fire danger in the area, automatic fire sprinklers, fire retardant building materials, and fire resistant landscaping are required for any dwelling unit on proposed Parcel 2. Secondary access for emergency egress and fire apparatus access will be provided via an easement over existing ranch roads connecting San Juan Canyon Road to Saint Francis Retreat Road. Density will be limited to one single-family dwelling per lot and no senior second units shall be allowed.	NOD	
2001042013	The 2001 Fishery Restoration Grants Program Fish & Game #1 --Humboldt The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1601 of the Fish and Game Code to the project applicant, Ms. Ruth Goodfield representing the Eel River Watershed Improvement Group of Fortuna. The applicant proposes reconstruction of a channel and installation of digger logs and boulders on Kay Creek, a tributary of the Eel River, Humboldt County.	NOD

2001079018	Streambed Alteration Agreement for Notification #01-0066 Lassen County Susanville--Lassen The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Everd McCain representing the Belfast Ranch of Susanville. The applicant proposes dam repair for the installation of 2 hydroelectric generators on Willow Creek, a tributary of the Susan River, Lassen County.	NOD	
2001079019	Streambed Alteration Agreement for Notification #01-0086 Tehama County --Tehama The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Chuck Wolf representing himself. The applicant proposes the removal of approximately 50,000 cubic yards of soil, sand and/or gravel from Hooker Creek, Tehama County.	NOD	
2001079026	Addition to McInnis Park Apartments I - Project File No's ZC00-13 and ED00-146 San Rafael, City of San Rafael--Marin The Mitigated Negative Declaration assessed the addition of a new multi-family residential structure with eight studio units to a 5.79-acre site currently developed with 98-multi-family residential units. The approved improvements would entail the construction of a new three-story, multi-family residential structure, composed of nine enclosed parking spaces on the ground level and eight studio apartment units (four units on the first floor and four on the second floor). This new structure would be located immediately west of 85 North Avenue, in an area currently developed with paved parking. The proposal would also include uncovered parking spaces adjacent to the new building, replacement parking spaces throughout the site, and landscaping improvements. The project applications include a Rezoning from the current Planned Development (PD) District to a revised PD District (ZC00-13) and Environmental and Design Review Permit (ED00-146).	NOD	
2001079027	McInnis Park Apartments II - Project File No's ZC00-12, ED00-131, S00-11, and TP00-03 San Rafael, City of San Rafael--Marin The Mitigated Negative Declaration assessed the development of 42 multi-family residences on a vacant 2.3-acre site. The 42 units would be contained in 2 separate structures and would consist of 12,703 square-foot, 1 bedroom/1 bath units, and 30,981 to 990 square foot, 2 bedroom/2 bath units, totaling 38,028 square feet of floor area. Building coverage would total 18.05% of the site and when coupled with parking and roadways, coverage would account for 31% of the site. Parking on-site would consist of 42 covered spaces and 36 uncovered spaces, contained in parking lot behind the proposed structures. Other site improvements include landscaping, lighting, an earthstone wall, and drainage improvements. The project applications include a Rezoning (ZC00-12), Environmental and Design Review Permit (ED00-131), Trip Permit (TP00-03) and Small Subdivision (S00-11).	NOD

2001078120	Issuance of Streambed Alteration to Agreement #01-0109, an Unnamed Tributary of Maple Creek Fish & Game #1 --Humboldt This project is the replacement of a failed undersized culvert and removal of remaining fill material from the site of another failed culvert, both on unnamed tributaries to Maple Creek, Humboldt County.	NOE	
2001078121	Issuance of Streambed Alteration Agreement to #01-0234, Indian Creek, a Tributary of the Trinity River, Trinity County Fish & Game #1 --Trinity This project is the repositioning of a log jam to divert water into an existing irrigation ditch on Indian Creek, a tributary to the Trinity River, Trinity County.	NOE	
2001078122	Issuance of Streambed Alteration Agreement to #01-0105, Unnamed Tributary to East Fork Trinity River, Trinity County Fish & Game #1 --Trinity This project is the excavation of one pond, approximately 100 feet by 100 feet on an unnamed tributary to the East Fork of the Trinity River, Trinity County.	NOE	
2001078123	Sand Cover Park Native Plant Revegetation (CIP# LK76) Sacramento, City of Sacramento--Sacramento The project consists of stabilizing exposed portions of a significant archaeological site (CA-SAC-164) and the adjacent riverbank through a combined effort involving native plant revegetation, vegetation management and physical geoengineering with sandbags and geofabric. Native plant material will be used for the re-vegetation. The purpose of the project is to protect a significant archaeological site (CA-SAC-164) that is suffering substantially from riverbank erosion and vandalism. Without immediate action, the riverbank will continue to erode and the archaeological site will continue to suffer significant damage and may be permanently lost. The area to be stabilized measures approximately 500 feet long by 15 feet wide; or 7,500 sf.	NOE	
2001078126	SAC 51 KP 3.91/4.20 (PM 2.42/2.61) Sound Wall Caltrans #3 Sacramento--Sacramento The proposed project consists of constructing a soundwall on eastbound Route 51 in Sacramento County between the Elvas Underpass and the American River Bridge. Located in the project area is a residential neighborhood with measured sound levels exceeding standards. The backyards of this residential area are located adjacent to the state right of way. This project is included in the 1989 Retrofit Soundwall Program was originally listed as No. 48 on that list. The soundwall will have a length of 305 m and a height which will vary from 5 ft to 10 ft. The purpose of this project is to reduce noise levels to affected residences adjacent to the highway. The project will result in a 1 to 5 decibel reduction. The minimum number required for justification of a new sound wall is 5 decibels.	NOE

2000112059	Vasona Research Park Los Gatos, City of Los Gatos--Santa Clara Proposing to construct an R & D complex totaling 328,031 sf and a 6,000 sf conference center building.	EIR	08/23/2001
1991031045	2001 Clean Air Plan for Santa Barbara County Santa Barbara County Air Pollution Control District --Santa Barbara The 2001 Clean Air Plan (2001 Plan) is a comprehensive strategy to meet the requirements of both the federal Clean Air Act Amendments of 1990 and the California Clean Air Act of 1988. As required by the 1990 Federal Clean Air Act Amendments, the 2001 Plan is a revision of the 1998 Clean Air Plan (1998 CAP). The 2001 Plan also formally requests that USEPA re-designate Santa Barbara County as an attainment area for the federal 1-hour ozone standard. In addition, this 2001 Plan re-establishes on-road mobile source reactive organic gas and oxides of nitrogen emission budgets to address federal transportation conformity requirements. The 2001 Plan also addresses the California Clean Air Act requirements for the triennial update of the 1998 CAP that updated the 1994 CAP and the 1991 Air Quality Attainment Plan.	NOP	08/09/2001
2001071051	Mountain Gate Specific Plan (SP-89-1) Amendment (SPA01-008) and TTM No. 29868 Corona, City of Corona--Riverside The project proponent is requesting an amendment to the Mountain Gate Specific Plan (SP-89-1) to add approximately 123 acres of land and up to 258 homes into the Specific Plan area. The residential land uses proposed for the Specific Plan	NOP	08/08/2001

2001071062	Collins Minor Subdivision San Diego County, Department of Planning and Land Use Fallbrook--San Diego The project proposes to subdivide 8.7 acres into two single-family residential parcels, one with 4.1 gross acres and the other with 4.6 gross acres. One existing single-family residence and associated driveway and landscaping on the northern end of the property will remain on the smaller of the two lots. The majority of the property is undeveloped and supports Diegan coastal sage scrub. The parcels will be on septic, receive fire service from the North County Fire Protection District, and water service from the Fallbrook Utilities District. Access for the second parcel will be taken from the existing driveway off of Toyon Heights Road. A biological resources letter report was prepared and mitigation for coastal sage scrub will be required in order for the project to obtain a Habitat Loss Permit.	Neg	08/10/2001
2001071063	Morgan Minor Residential Subdivision San Diego County, Department of Planning and Land Use --San Diego The project is a proposal for a minor residential subdivision of 3.2 acres into two single-family residential lots. An existing single family-residence will remain on Parcel 2 and one additional dwelling unit is proposed on Parcel 1. The lots will receive imported water services from the Otay Water District and both lots will be on septic. Access to the project site is through Proctor Valley Road, an improved private road.	Neg	08/10/2001
2001071064	Malies/Dumka Property San Diego, City of --San Diego Tentative Map, Coastal Development Permit, Site Development Permit, and Planned Development Permit No. 40-0414 to subdivide a 1.84-acre parcel into two 0.92-acre lots. Each new lot would be developed with a two-story single-family home, garage and associated improvements. The project site is located on Racetrack View Drive, east of San Dieguito Drive, in the Torrey Pines community planning area (Parcel No. 3 of Parcel Map No. 14043).	Neg	08/10/2001

1999062022	Werner Court Subdivision Oakland, City of Oakland--Alameda The proposed project consists of a land subdivision of 12.8 acres into 22 buildable parcels, demolition of four existing residences, construction of 22 new residences and associated infrastructure improvements. Approximately 4.83 acres of the total site area is proposed to be developed. The remaining 7.97 acres is proposed to be incorporated into the abutting Joaquin Miller Park or established as permanent open space. The site will be accessed by extending Woodminster Lane at the end of Werner Court, which currently ends at a cul-de-sac approximately 400 feet in length. Three private access easements (PAE) off the new street extension are proposed to provide access to 8 parcels. The area to be subdivided is relatively flat, and the area designated as open space is predominately steep terrain.	NOD	
1999101059	Median Widening on State Route 118 from Tapo Canyon Road to Rocky Peak Road, in the City of Simi Valley Caltrans #7 Simi Valley--Ventura Construct mixed-flow lanes in the median of State Route 118 from Tapo Canyon Road to the LA County line.	NOD	
2000092078	Antelope Creek Bridge Replacement Caltrans --Tehama The California Department of Transportation (Caltrans) proposes to replace the existing two lane bridge with a single span at the Antelope Creek in Tehama County on State Route 99, approximately 7 miles north of the town of Los Molinas. The entire project including road work, median work, and shoulder work extends from Post Mile 17.4 to 18.4. The width of the bridge will be designed to accommodate wider shoulders and a center turn lane. The project will require the demolition of the existing piers, abutments on the banks of the creek, and the new bridge.	NOD	
2000122071	Central Estates Final Map Subdivision, FMS-04-94 Humboldt County Planning Department Eureka--Humboldt An application for approval of a tentative Final Map Subdivision for the phased subdivision of a 45.9 acre parcel, and a request for a Zone Reclassification to 1) rezone a portion of the project area (33 lots) from Residential Multi-Family (R-3) to Residential Two-Family (R-2); and 2) rezone the remainder and 12 lots from Residential Multi-Family (R-3) to Residential Multi-Family with a Planned Development Combining Zone (R-3/P). The initial phase will involve the creation of sixty-four parcels ranging from 5,709 square feet to 12,678 square feet in size and a remainder of 31.2 acres. All parcels to be served by community water and sewer. A preliminary ultimate development plan has been submitted for development of the remainder with up to 468 dwelling units.	NOD

The applicant proposes 17 (seventeen) crossings for timber harvesting activities on unnamed tributaries to Maple, Davis and Boulder Creeks, Humboldt County.	NOD	
2001078185	Hollister Ranch Bridge Maintenance Fish & Game #5 Hollister-- Removal of mud from the bridge after storm events.	NOE	
2001078211	Bank Stabilization Project Fish & Game #3 Santa Rosa--Sonoma The project involves stabilization of the creek bank to support a number of trees which have been undermined by water flows as described in the notification. This stabilization includes the placement of rocks under the trees/tree roots placed in a manner in which these rocks support the undermined trees. Placement of the rock may be done either by hand or by mechanical means. The roots of the trees or trees in the area are not to be damaged in the process of the placement of this rock stabilization. Care must be taken to not damage any trees existing above the creek bank. Issuance of a Streambed Alteration Agreement Number R3-2001-0278 pursuant to Fish and Game Code Section 1603.	NOE

2001078212	<p>Repair Two Culverts Caltrans #2 --Shasta</p> <p>At Location 1, repair a 36 inch culvert by placing a plastic liner within the culvert. The liner will be secured in place with grout. It is strongly recommended that a construction window between July 1 and October 30 be followed. At location 2, pave the invert of a 42 inch culvert with concrete, and extend the inlet eight feet.</p>	NOE	
2001078213	<p>Turner Recharge Basin #2, and 3-4 - Deer Creek Channel Replacement Diversion Structure Chino Basin Municipal Water District Ontario--San Bernardino</p> <p>The project will facilitate the more efficient diversion and conveyance of storm water flows that presently are not diverted since the existing structure does not operate efficiently. The purpose of the project is to facilitate the diversion of additional volumes of stormwater into the Turner Recharge Basin #2 and 3-4 for the purpose of recharging the over-drafted Chino Groundwater Basin. All water users within the Chino Groundwater Basin will benefit from this project.</p>	NOE	
2001078214	<p>West 10th Street Desilting Project Fish & Game #3 Antioch--Contra Costa</p> <p>To prevent future flooding of City streets and businesses, the operator proposes to remove silt and debris from inside of two culverts (West Antioch Creek) under 10th Street, in Antioch, Contra Costa County. Approximately 2 feet of silt, dirt, sediment and debris will be removed from two pipes approximately 50 feet long, either by buckets and hand tools or by vacuums. Only one culvert will be cleaned at a time. Issuance of a Streambed Alteration Agreement Number R3-2001-0316 pursuant to Fish and Game Code Section 1601.</p>	NOE	
2001078215	<p>Bank Repair on Alpine Creek Fish & Game #3 --San Mateo</p> <p>The project will place about 16 cubic yards of rip rap boulders in the area of a failing wood retaining wall on the bank of Alpine Creek. Issuance of a Streambed Alteration Agreement Number R3-2001-0201 pursuant to Fish and Game Code Section 1603.</p>	NOE	
2001078216	<p>Rancheria Creek Bridge Fish & Game #3 Booneville--Mendocino</p> <p>Installation of a pre-assembled, steel and concrete, 100-foot span bridge with no center supports, across Rancheria Creek. The bridge will be lifted onto piers with a crane and welded in place. Issuance of a Streambed Alteration Agreement Number R3-2001-0281 pursuant to Fish and Game Code Section 1603.</p>	NOE	
2001078217	<p>Bank Repair at Bates Creek Fish & Game #3 --Santa Cruz</p> <p>Construct a crib wall to reinforce the road bank adjacent to Bates Creek. Issuance of a Streambed Alteration Agreement Number R3-2001-0216 pursuant to Fish and Game Code Section 1601.</p>	NOE

2001078229	<p>Slip-out Repair Tollhouse Crossing Fish & Game #3 --Santa Cruz This project involves the repair of the bank of an un-named tributary to the San Lorenzo River along Highway 9, mileage marker 4.83 in the area of Tollhouse Crossing, Santa Cruz County. The repair will involve approximately 70 feet of bank at the top of bank widening to approximately 200 feet at the toe of the bank. The section of the bank has been sliding into the tributary, causing failure of the Highway and the deposition of sediment into the tributary stream. The US Fish and Wildlife Service and National Marine Fisheries Service believe the project will have beneficial impacts on stream resources.</p>	NOE	
2001078230	<p>Transfer of Coverage to El Dorado County APN 14-271-07 (Sherman Homes, Inc.) Tahoe Conservancy --El Dorado Project consists of the sale and transfer of 1,764 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.</p>	NOE

2001078232	<p>City of Sonoma Burn Dump Remediation California Integrated Waste Management Board Sonoma--Sonoma This burn dump (Facility No. 49-CR-0026) is located within the City of Sonoma less than 100 feet from the City Cemetery. The site is extremely steep and a large portion of the burn ash is located in a ravine. The volume of burn ash is estimated to range from 16,000 to 18,000 cubic yards with hazardous levels of heavy metals. During the site investigation, CIWMB staff located and removed twenty-six pieces of radioactive debris discovered during the investigation. Twenty-five out of twenty-six pieces were pottery coated with naturally occurring radioactive isotopes. The debris was classified as naturally occurring radioactive material (NORM) and transferred to the Department of Health Services for proper disposal.</p>	NOE
